My friend the bounty hunter

3 0 1

Chapter 1 by emily farrell

It was unheard of, no member of the space police core would be caught dead accosting with a bounty hunter. But that's what Officer Rankine was doing. She knew her job was at stake, but she couldn't say no to a friend. Especially when her friend had a lead on the biggest underground black market on this side of the galaxy. So there she was, jumping threw hyperspace, alongside the most wanted bounty hunter in the whole solar system, and her best friend, Viper. Viper was well known for her trickery and complete lack of respect for the law. The only reason she was working with a cop, was so she could help her best friend keep her job.(and get a good amount of credits on the side. Her ship, The Python, was currently dewarping near the Otaly system.
